Dear Zion Presbyterian Church family members,

Through the last sermon on the last Lord's Day, God, our heavenly Father, showed us the way to go for us, Zion, who was saved by the union with Christ with faith in Jesus' cross and resurrection. Through the message about Daniel who was in suffering in pagan nation but saw the vision that God will save His people in His time when the consummation will occur, God comforted Daniel along with us and provided us all the expectation that we will live the bright life as a star in heavenly kingdom. However, we became know that we might understand "the bright life as a star" as the glorious life as many people understand "the star" in general, and we might forget that Jesus condescended to us from the glorious STAR itself. If we forget Jesus' condescension, then we might pursue Christian life as Jesus' disciples in order to enjoy glorious life in heaven. The message was told that we rather remember "the story of the odd star" that Jesus discarded His STAR-ship and follow His story with thankful heart and with relying on Him. We pray that all of Zion family could continue to write the story that Jesus Christ began.
