Dear Zion Presbyterian Church family members,

To us who received the new status, Jesus' disciples, by the grace of God, the new and holy destiny was given. The destiny is that we should live differently from the people outside Christ because we received different value and worldview from theirs. That destiny was called, "poverty." But, we realize that we are used and love to going opposite direction to the way that Jesus' disciples should go. Therefore, whenever we want to compromise with them and give up our way on account of our weakness, by intensely relying on Jesus Christ who had gone through the way with "cross" and remembering God who knows and overwatch everything in our situation, we are supposed to stand firm on the way of Jesus' disciples. Likewise, we pray for you all!

❖ The Hybrid Lord's Day Worship Service

1. **The one foremost thing to consider as we worship in the sanctuary is our fellow Christians, so-called, faith community. Due to COVID-19, we are living in difficult situation. But, with thankful heart for the environment where we can worship together in the sanctuary, we have one crucial thing to be kept together with cooperation. All who attend the worship service onsite live in very diverse environments. Just because we are don't know that in what environment our members are going through COVID-19 – totally different from before COVID-19 – the way to express our love and concern for one another in the church building is to provide them the most comfortable environment. In a small piece, even though we feel comfortable, our better members could feel uncomfortable. So, the session solemnly request all our members who worship our God in the sanctuary to "wear the face mask throughout the worship service" and "keep social distance."**

2. When entering the sanctuary, after checking body-temperature, if the fever(100.4 °F) is detected, please follow guidance of worship team leader. Please check your health condition, if you feel fever or chill, have cough, have underlying medical condition, then please worship at home via YouTube.
