Dear Zion Presbyterian Church family members,

We saw the unreasonable valedictory of John the Baptist who had very unique privilege and finished great works. John the Baptist did not express his close relationship with Jesus in terms of cousin, elder brother, his baptizing on Him. Rather, he believed and confessed that Jesus is the only one Savior who saves the people of God out of the death and sin. Then he confessed that he was not worthy to untie the sandal of Jesus' feet before the Savior. In addition, once again we remember the apostle Paul who confessed "the grace of God" as the only foundation of his life journey based on his faith on Jesus' valedictory that Jesus would be with His disciples and let them live the life as Jesus' disciples. In our everyday life, we meet the moment we finish something. Whenever we do that, we want continually to do the valedictory in order to remember, acknowledge, and confess the grace of God. The session pray that based on that confession, all of our Zion family can boldly live our lives today and tomorrow even in this difficult situation.

❖ The Hybrid Lord's Day Worship Service

1. Even though we are living in difficult era, we are very thankful for the fact that we can gather together and worship God in the sanctuary and we feel the crucial need for concerning our fellow Christians, so-called, faith community. Because all who attend the worship service in the sanctuary live in very different and diverse environments. Just because we are don't know that in what environment our members are going through COVID-19 – totally different from before COVID-19 – the way to express our love and concern for one another in the church building is to provide them the most comfortable environment. In a small piece, even though we feel comfortable, our better members might feel uncomfortable. So, the session solemnly requests all our members who worship our God in the sanctuary to “wear the face mask throughout the worship service” and “keep social distance.” **In addition, it was very thankful that all of attendees followed this request.**
2. When entering the sanctuary, after checking body-temperature, if the fever (100.4 °F) is detected, please follow guidance of worship team leader. Please check your health condition, if you feel fever or chill, have cough, have underlying medical condition, then please worship at home via YouTube.
